### The Premises:

A flat in a modern block with a discreet intercom and door release system.

### The Lady:

Oh dear, absolutely nothing like the profiled escort, add on at least 30 years and the lady had obvious signs of having had children.

### The Story:

Firstly, this happens to be the most awkward place to get to. There was something wrong with the buses and I had to walk 1.6 miles in quick time to make the appointment. Then I was delayed 10 more minutes while she got ready. I misrtakenly thought this was going to be a massage service which probably might be a better service option. I'm experienced enough to never believe that profile pictures will be accurate, but this was stretching it a bit. The session itself consisted of uncovered oral and sex in doggy position. Owing to the walk I struggled to come and that took away a lot of enjoyment. To cap it off, it took ages to get home, but fortunately I had the afternoon off.
