The Lady:

It's always interesting when some new ladies appear on the Annabella's forthcoming schedule. All the more so when the ladies fit in with your likes. So when Maddison appeared she satisfied my love of big boobs and I made a mental note to see her when I could.

So a pleasant surprise when she entered the room. She is a well built young English lady with giant boobs which to my eyes look all natural, which she confirmed. In fact no enhancements at all and a lovely smiling face as well.

The Story:

She opened with a lovely kiss with a gentle tongue. She asked if I would like the bra removed. Is the Pope a Catholic? These are the best boobs I have seen in my long life. Very firm with small pale nipples. After a short kissing session while standing she asked me to join her on the bed where matters heated up a bit. Her breasts are much more than a handful and an enormous pleasure to hold.

Keeping an eye on the clock I asked if she fancied a licking. Luckily she did so I moved down below for a very pleasurable interval which she clearly enjoyed too and which culminated in a predictable result. In fact she complimented me on my oral technique. Maybe I should have got it in writing! Back to some more kissing and weighing up those lovely orbs. Did I mention how marvellous they are?

Her final treat was to ask me to lie on my back while she lowered her boobs on to my face and jiggled them. Bliss!!

Maddison is a charming young lady who admits to loving sex. If you are lucky enough to enjoy her company, that much is obvious.

I'm hoping that she stays around long enough for some repeat visits.
