The Lady:

Sabrina is not petite but not the other side of the scales really in the middle and her face is just really pretty that my jaw was on the floor!, has a sleeve tattoo and some more on her body.

The Story:

I wanted to book Emily who was working but the timings just couldn't work because I was away from a cash point and took me too long to get to the location in time. checked out the other ladies and settled on Sabrina as a new lady I wanted to check out if she provided a good service or not.

I went to the door and was shown to the room, waited for a few minutes and Sabrina entered into the bedroom in a red clothing - honestly her hair and face sent my jaw on the floor on how pretty she is and on top of all that she speaks so good English and is really chatted and willing to have a laugh! - I told her what I liked and said some things are £20 extra which isn't advertised on the site but I went along with the session.

I laid down and asked for a massage on my legs as a runner my legs need the most attention then my back - we spent a good amount of time actually joking and getting to know each other! - We moved the mirror to the side where I could see her owo which is AMAZING really passionate, slow and sloppy just how I like it and she takes direction really well when I told her what I wanted her to do. i never wanted the owo to end but wanted to get to the main action. she came on top and rode me just how I like it I was in heaven! her cowgirl transported me to another world of pleasure and then we did doggy while I looked in the mirror - it was sooo hot!.

I came on top of her for missionary and finished inside her, we cleaned ourselves up and she gave me a massage on my back - funniest part was when I said I'm training for a 5km for my cardio and she said it's also good for sex to last longer which I said yeah that's why I'm doing it and we just erupted in laughter. Honestly I can't say how amazing the experience was I just want to now book her for 4 hours because I know the time will fly by.

Gents pay the extra £20 for DT and you won't be disappointed at all.

I've started to tip good service as a thank you to the ladies, at the end of the session I tipped Sabrina and left a very happy man but I think I saw Emily or someone blonde when I walked out of the building which got me thinking of a duo that is Sabrina and Emily next time they both working together.
