The Premises:

Usual renowned parlour in a reasonably discreet position. This time I availed myself of the one room with a bathtub, which is among the largest in the premises.

The Lady:

A tender woman that calls for you to treat her nicely: full-figured, milky white with dark hair, a sweet smile and a slight rhotacism that makes her sound cute too. Her already huge breasts have grown over the years and add to the softness that characterises her in many ways.

The Story:

I have been seeing Morgan across places for several years now and am rather surprised it took me so long to bring myself to write a review - maybe because she's always been so discreet as to never ask for one - but no one deserves a good one more than her, so here it goes.

Morgan still gave me a full 90 mins despite a slight delay, which is something I dearly appreciate. I intentionally booked the room with a bathtub because a bath together was something I was always hoping to experience with her: that actually came at the end.

Having known each other for long, a chat to bring each other up to date was in order, which went along with much cuddling. Morgan has maintained a lovable temperament over the years and, being one who appreciates and rewards that, I devoted time to foreplay, cuddles, and a brief body rub given to her. She acted as softly as always with me, with continued kissing and slow oral: I do not doubt she could go wilder if asked, but she's not one I'd require that from.

She knows well enough now how I like to hug her when either is lying on top, which is what she let me do all the time as we engaged in lovemaking. Indeed, one of her qualities most precious to me is her ability to adapt without following a script. After finishing on her ample breasts, the least I could do was keep taking care of her in the bathtub, which I hope she appreciated. Time went too fast and we bid farewell on the promise to meet again soon.

Morgan is a precious addition to any agency's roster and deserves the best treatment a SW can

get.
