### The Premises:

On the high street, but door was left open to enter without loitering. Quite easy to find. Parking isn't great, so best plan ahead. Rooms are surprisingly pretty large and with decent facilities, like an ensuite shower and even Jacuzzi bath. Didn't try it on this occasion (wasn't working), but it's a nice touch. Rooms are discrete from outside, and wasn't disturbed. It's a very decent establishment.

### The Lady:

Shantel is tall, of average build, with sexy curves, long sexy legs and a nice bum. She's black, but fair skin, and I'd measure she's in her early 30s. Her photos don't do her justice.

### The Story:

For a while, I had been meaning to pay a visit to Northampton Massage to visit Shantel having read some reviews, so cleared a space Sunday afternoon to make a call, and was happily greeted to make my booking. The communication was a bit off after the phone call. Partly my poor reception, but the landline didn't work, and they didn't get my WhatsApp.

Parking is on street on the A5123, so spaces were limited. My advice would be to plan ahead.

At least I could walk right in without waiting around the door outside awkwardly holding onto my cock. Always an anxious moment the first time going to a booking.

I was a few minutes late, but they were okay as long as not taking the proverbial.

I went upstairs to meet the receptionist who pointed me further upstairs. Walked into the room, and first thing I noticed was the inbuilt shower and Jacuzzi. This is a proper joint rather than some seedy rundown hellhole.

Short wait and was met by Shantel looking sexy in suspenders. She was polite but a little rushed whilst she dotted off to prep herself as ladies do. She offered the shower facility, so I had a quick wash.

Whilst drying off, she came back and we kinda got chatting. She's a Brit, and it later transpires she lived quite close by to me in London when she was younger.

She offered to massage my back, and her soft hands gave a firm but pleasant press on my back and shoulders. Used baby oil, so basics range for massage, but better than dry I guess. She sat on my leg, and I could feel the warmth of her velvet carpet on my calf as she thrust her hands on my back. Very sexy, and I was hardening up in anticipation.

I then offered her a back massage, though was conscious of being too heavy on her, and being out of practice. Still, don't think I done a bad job, and it allowed me to familiarise myself with her body and contours, which were so feminine. I just love the variety yet visceral and carnal impulses when being intimate with an attractive opposite. My dick was begging, and she noticed... but then, we chatted some more. She's knowledgeable and can hold a decent and fascinating conversation to the point I almost forgot what I came for.

But then she started sucking my dick, and I remembered. It was a good, caressing suck too. She came up to kiss then blew me again but perpendicularly so I could fondle her moist clit and stroke her sexy stocking clothed thighs.

Eventually, she rubbered me up and climbed on top cowgirl, and she rode me for a while. It felt good and a place I could easily enjoy for hours on end.

I gave her a bit more of what she wanted, which was legs on shoulder missionary, and she was well into that. I kept going for a while, but didn't want to finish too soon, so decided to change it up.

We then tried reverse cowgirl, and I felt a lucky boy. She smashed her booty into my hard cock, trying to find her rhythm. I held her waist and worked myself in deeper and she strummed along like riding a camel. She commented that she could feel I was harder inside her than before. The fuck I was. You're doing me my fantasy, and I'm in ass 9, flying between her fluffy cloud cheeks with a rocket! She moaned in a way a man lives to hear that he's getting her to her place of ecstasy. I was sweating buckets, and she offered a towel. I joked that she's so British because of our polite nature, and we kinda laughed it off, but she'd beat me up for that later ????

I then suggested doggy, and this was the best part. I told her to talk dirty and if she liked it, in which she moaned a yes which spurred me on. I was like a stallion on raceway. She was on the edge of the bed, bum up, laying down yoga still arms forwards, and this was so hot, I just wanted to fuck her like this for hours. I was loving every moment of it, but time was almost up.

I pulled myself out, but she allowed me one more go with standing doggy. Fucking treat after treat it was! She twerked whilst I found my stride and I slide my hands down and up her thick thighs, thrusting and sliding my hands around her waist and tight back. We went on for a little while longer, still bantering and apologising for odd bumps like true Brits, but eventually pulled out as our time was really up. She twerked some more whilst and I managed to finish off into the condom in uttermost ecstasy. Signed a huge relief, and felt a little sad our time had come to an end.

We talked for a little while longer after whilst getting dressed, and she offered the shower again, so I quickly freshened up. We hugged it out and kissed, before she led me to the reception, and I left feeling a new man, with the happiest step in the town.

Summary: Tall and curvy with a firm back and her body was appeasingly explored in depth. She's definitely skilled, very sociable, and likes fun. Speaks her mind and can talk the legs off a donkey, but intelligent enough to take in what's being said. Gives a good massage, and like her tingly fingers. She's fun, puts me at ease, and the time seems to have flown by.

Good:

+ Lovely atmosphere, with an ensuite shower and Jacuzzi

- + Curvy and tall
- + Worked her booty on me in many ways. Cowgirl and reverse, doggy and standing, missionary. My she certainly Rogered my Charlie!
- + No clocks were watched. Time seemed to fly by.
- + Very catering. Joked about how British she is, but despite that, allowed me to maintain my hard on with the sexiness she was oozing.

**Bad:**

- Jacuzzi wasn't working
- Not the most discrete location, but who cares
- Communication with the receptionist wasn't the best.

Would come back again? You're god damn right!
