The Premises:

The venue is on the high street, down an alley way between Favorite Chicken and white building. Walking down the alley way does give the impression of being exposed to prying eyes, but only for a short distance to a black gated house with grey door. There are cars, but that's for employees only.

Parking is available on the high street, but only a couple spots, and can get busy.

The Lady:

Rudi is a goddess among women. She's black Brazilian, and of athletic build, about a size 10/12. Her body is a high 9/10 with feminine curves, stunning legs, perky natural feeling boob's and gorgeous bum. She looks like her photos, and being relatively new, I'd say they're up to date. I'd range she's in her late 20s, but looks flawless. She also has the height of 5' 10 which I loved, as I could look her directly into her gorgeous eyes.

Rudi has good energy and a stellar personality. I know it's sometimes an act, but it felt so genuine, and for that moment, I felt like a millionaire living the lifestyle without a care in the world except for his hot gf.

Her head game was cosmic. I never usually have a thing for it, but she definitely won me over!

The build up was magnetic, with lots of kissing and touching the way I would a gf I'd known for years. She stripped me whilst we joked, and laugh until she couldn't stand my poor jokes, but every moment felt special.

When she ever so seductively climbed on top, positioned herself, put me inside of her and begin to ride me cowgirl, despite using her condom it felt as good as BB she was that tight. I could feel her warmth and wetness, whilst I slid in deeper to the point I thought the condom slipped off. I let that thought precipitate in my mind, as I adjusted my vantage point, all the whilst playing with her beautiful supple breast and firm, round bum.

Everything was just right. The ambience, the chemistry, the attraction, and most importantly, her.

I just wanted to go for the ride she was taking me on, and then I could feel myself elevating the the climax; and I could tell it was gonna be an eruption when I have this much anticipation.

She kept riding, ever slightly increasing the pace, darting into my eyes with ecstasy on each stroke. She even managed to milk more out of me too with her kegel thrusts that encouraged me to cum more.

She slowly dismounted joyous that she had pleased me in a manner a goddess blessing her subject, and I slightly receded into the knowledge that our intimate session had come to an end.

It wasn't the end to our time together, which continued as fun filled and riveting as it began. We both laid on the bed shortly after chatting about what extreme things we ever done. I'm glad we could align so well with each other, and despite English being her second language, I was highly impressed by her command of it.

She let me with a lasting memory of our time, and I'd happily see her again.

Good

- + To die for body. Sculpted like a goddess.
- + Gorgeous looking face with the softest lips
- + The sweetest, charming and most gratifying sexual experience I've had in a while

Bad

- She was late 20 mins, but was so worth the wait
