The Premises:

The newer place in Fenny, tucked away on the edge of a small industrial estate. Not an incredibly discreet entrance but I went in the early evening & it was dark so... Let in straight away & shown to the first room on the right upstairs by the efficient maid. This one is the smallest of the lot I believe but still features an en-suite bathroom so I had a quick shower to freshen up for Honey's arrival.

The Lady:

Honey does not hide her identity in her photos on the MKE website or her twitter page where she looks absolutely fantastic. In person, she's probably even more attractive imo. Blonde hair, doll-like features with one heck of a petite yet curvy body (her arse in particular is an amazing shape & just crying out to be grabbed!) she looks like just the sort of young woman you'd want to meet for sex. Usually works at HoD in London or other parlours elsewhere in the UK but had decided to bring her charms to Milton Keynes so I jumped at the chance to meet her. I'd heard great things about her but wasn't prepared for just how incredibly friendly & down to earth she was.

The Story:

As soon as she arrived in the room we said our hello's, then she reeled off a list of extra services that she offered before saying "but we'll sort that out afterwards" & promptly launched into some full-on DFK. We literally snogged each others faces off for several minutes while our hands roamed everywhere, there was no holding back at all! All this activity had made me as hard as a rock which she commented on & then proceeded to give me some lovely OWO, including licking my balls, while never taking her eyes from mine. I wanted to pay her back for all the attention she'd given me & suggested I eat her out to which she eagerly agreed, so I feasted on her gorgeous pussy making sure my tongue went everywhere. The time was flying by at this point so I made the decision to rubber up & have her sit on my cock, to which she replied "normal or reverse?". Of course the correct answer to that question is both, so she hopped onboard & I was treated to the sight of her lovely bum bouncing up & down on me... Which nearly brought an immediate end to proceedings so I got her to turn round so I could control things a bit better! What followed was an intense cycle of cowgirl, doggy & mish fucking during which Honey just kept getting more & more filthy with her talk, actions & looks until I couldn't hold back any longer & I asked her finish me off with a handsfree blowjob & CIM (£20 extra). Again, her oral skills were top notch once more & it wasn't long before I happily shot a weeks worth into her mouth. I collapsed on the bed while she went to dispose of my

cum, then she jumped on me once more & we had a lovely little kiss & cuddle in the remaining minutes. Honey's energy & clear love of her work had totally won me over & I honestly didn't want to leave, but after a much needed post-sex shower she showed me to the door, gave me another lovely kiss goodbye and I was off into the cold night air feeling like the luckiest man alive! Not much more to say other than I'd highly recommend visiting her if the situation arises!
