The Premises:

Purpose built block of new building flats. Quiet at time. Room functional with mirrored wardrobe making it able to watch action

The Lady:

Beautiful Thai lady mid to late 20s. Slim fit body with enhanced tits. Large tattoo on back. Facially very beautiful but poor English at present, however her nice bubbly personality comes across well.

The Story:

Started off slow but ended so well. Laid on bed for awful massage which she admitted before starting that's she's no good :) Then asked me to turn over after few mins and reached for condom. She put on with hands and not mouth which disappointed and reached for lube bottle so I stopped her and told her to give a bj. She kissed my chest slowly then moved to sucking me for a minute or so then stopped. It was decent.

I got between her legs and licked her out which she seemed to enjoy, grabbing my hand and head in process. She wanted to fuck so we started in doggy very slowly at her request. Then I let her control the pace and she started pushing back deeper and deeper until she wanted me in mush. This is when she really got into it. Again slow then got faster and she was loving it the faster I went. Her head tossing and then sitting up to watch my cock go inside her before lying back in pleasure again. I'm sure she came but cant be certain. I got my cum and was exhausted at the end. We lay on our backs just panting. It was a great cum.

Recommend for her natural way alone. Lovely girl treat her well.
