### The Premises:

A really nice flat near Edgware road, I believe she shares the flat with another sg, however caused no issues in my visit, the bed was very comfy and the shower had space for 2

### The Lady:

Very short, I believe she's shorter than her profile says, however I prefer this, great large tits however slightly hard from the surgery, very cute and great ass, I would say early 30s, and looked much better than the photos imo

### The Story:

When I first entered the flat, she introduced me with some great DFK, which I'm a fan of, 2-3 mins later I got out the money and she took me to the shower, she shared the shower and gave me a good scrub down, she was a little bit aggressive with the fella which is a bit sensitive for me, but it was still a decent experience. Once we were all showered up and dried off she took me back to the bedroom, she sat me down on the bed and began OWO with quite a bit of ball attention which again I enjoy. She tried to dt and got about half way, which isn't bad considering my size. After the OWO she lay me down and began 69 and while I went to town on her ass she kept going with OWO, I was getting close so I asked to get the condom and she put it on and started with CG, she was very good at this and managed to take my whole cock which is better than previous punts, after about 10 mins, switched to Mish for another 10 mins and she got a vibrator out. She "came", not sure if she did or just decent acting, but after this she asked if I want to fuck her ass, I was a little bit worried this wouldn't be offered due to size but she enthusiastically offered it. I agreed and we got into doggy and she put it in her ass, she could take a pounding like a champ, after about 5 mins I came in the bag, she asked if I wanted a round two but I mentioned only 15 mins left and we agreed on a quick massage. Gave me a little goodbye bj and then we showered and I left

Pros:

Cons:
