The Premises:

MKE's new place. Down past a garage off the highstreet. Lacks a bit of the character of the old place, but in better repair and most of the rooms have en suites. Done up in the usual MKE/Annabellas/HoD style

The Lady:

Asia is gorgeous. Always smiling, long curly/wavy black hair, curves in all the right places. She's just a knockout. The only inaccuracy I'd note between her and her photos on the site are that for some reason whoever posted them has done something weird with the colour saturation, giving the photos an odd slightly lighter, slightly yellowish skin-tone, much more normal in person.

The Story:

I've seen Asia a few times, but it'd been quite some time since the last visit. She recognised me before she'd even gotten through the door and we hugged and kissed and caught up with each other's lives. Then slowly got more touchy feely and more naked before ending up on the bed. Then gave me the best blowjob I've had since, I don't even know, but either this was even better than her usual very high standard or absence makes the heart grow fonder, absolutely incredible. Moved on to some very energetic sex in a few different positions. When my legs couldn't take it anymore switched back to her going down on me. When I finished it was actually mindblowing, lost all ability to think for a few seconds, and left me slumped on the bed unable to move. After I recovered joined her in the shower where we got each other clean and I got hard again because Jesus Christ, what a woman. Ended the session in no hurry, chatting and laughing and just having a great time, like speaking to someone I've known all my life.

Asia really is the best. There are some other stunning women working in MK, some are very sweet, but there's no-one quite like her. After you spend time with her it seems like there's a kind of glow to the rest of the day. She's incredible, and I wish I could see her more often.
