The Premises:

Modern apartment, discrete entrance and parking nearby. Clean and tidy, bedroom had a double bed and was modernly furnished.

The Lady:

Absolutely stunning. Instagram model fit. All over tan, nice tattoos, long soft black hair. Slim, not an ounce of fat but still has a nice round firm ass and amazing firm breasts. Dressed in a very nice strappy black underwear all in one thing.

What really stood out was her gorgeous face, beautiful eyes and a lovely smile. 100% the lady in the photos just even more gorgeous in real life.

The Story:

Great comms, she directed me up the stairs and opened the door straight away. Hiding behind the door with a welcoming smile she let me in.

Sorted the money and I went for a shower, came back in and she was on the bed. We kissed and I removed my towel and sat on the bed as she stood in front of me and let my hands enjoy her fantastic body, she turned round and gave me plenty of time playing with that incredible ass. She smelt amazing and her skin was so soft and supple.

After a while I untied the back of her outfit and she slipped it off before sitting on my knee with her arm around me as I kissed her breasts and neck. She's had a boob job as these are too good to be true but it's the best one I've ever seen. No scars at all and not hard just firm all round and lovely nipples. She gave me lots of kisses on the lips, no tongues allowed but her lips were so luscious it didn't matter.

I went down on her for ages, so clean and sweet and she started twitching after a while as I flicked her clit with my tongue and gently caressed her inner thighs sides and breasts with my finger tips.

Next I lay back and she gave me a lovely blowjob. I was worried I might blow too soon and asked her to lick it instead and she happily obliged giving me the perfect view of this goddess lovingly kissing and licking up and down my shaft as my hands enjoy stroked down her back and over that

peachy ass. This went on for ages and soon I suggested we move things on. She smoothly put the condom on and climb on top, slowly and sensually taking me deep inside her tightness as her hair fell around me and she kissed me on the lips. A slow sexy screw followed and I thought how lucky I was as she sat up still smoothly sliding up and down my cock and giving me a full view of her gorgeous chest as she smiled sweetly at me. Before long I exploded and she stayed sliding up and down until I was empty. She slid off and removed the condom and kindly cleaned me up. She didn't leave my side once and lay next to me as we chatted for a few minutes. She has a lovely personality and is great company. We then decided it was time for round 2.

More owo as I stroked her ass and before long I was hard and we put another condom on. This time we started with me bending her over the bed and standing behind her. She looked superb and felt even better as her warm hard ass bounced against me. We fucked like this for 5 or ten minutes, eventually she brought her knees up to the bed and put them together as she pushed her chest down and arched her back and I began fucking her harder and deeper. After a good while we turn around, I sat on the edge of the bed and she stood in front of me and sat down on my cock giving me a lovely lapdance style fuck. She kept this going for ages and maintained lovely long movements as she slid up and down my cock and really pushed her ass back onto me as I lay back. She then started writhing her ass in circles which was a wonderful sight. This girl has so much energy, when we eventually decided to change position she was getting out of breath so I suggested missionary and slid into her whilst kissing her neck and lips and she embraced me like we were lovers. Next I kneeled upright and carried on fucking her as I brought her gorgeous legs up onto my chest. We smiled and laughed and shared a joke as we kept fucking. I suggested spoons next and she helped me slide inside her before moving round. Before long her back was pressed against my chest and she was pushing her ass out onto me as I kept pumping into her from behind for a good 10 minutes. It felt incredible having so much of this super model's skin against mine, her thighs, ass and back all pressed against me, she really got into this and started rubbing her clit with her finger tips as the pumping increased and eventually I came for the second time.

Again this angel cleaned me up and cuddled up to me as we chatted. Zero clock watching and it took me to point out the time and that I should get dressed.

I will be back again very soon. Sara has a new regular in me. She is perfect.
