The Premises:

Parlour on the main road in central Manchester. Very obvious what it is but there's no hanging around outside - you push the main door and it closes behind you before you buzz to be let up. Inside there's a red lit reception area with the friendly maid behind the counter and a couple of armchairs, sofa and tv.

Choice of standard room or for £5 more it's vip. Both clean and with a shower, also red lit. Standard has high single massage bed with a mirror next to it but it's worth upgrading to vip with a big double bed and a massive mirror next to it. I think there are two of each but I've only used the same ones on my two visits so far.

The Lady:

I wasn't sure whether to make this review about Brooke or Kitty as I saw them both on the same visit, both on their own and together.

Both are attractive, friendly English girls in their early 30's.

Brooke is a tall slim brunette with a tan and lots of tattoos and a cracking arse. Very sexy, playful way about her.

Kitty is slim yet curvey blonde with gorgeous big eyes and full lips and amazing breasts.

The Story:

Having spent an incredible couple of hours with Brooke a couple of weeks before as soon as I was back in Manchester I called reception to check she was working and went to see her that evening after a few drinks with friends. I'd had just enough drink to mean I wasn't drunk but I was also going to last a long time. I'd also popped to my hotel and showered before what I had anticipated to be a nice lengthy session.

Brooke was only available for an hour at first so I paid £100 for vip and we went in and got straight into the action. Brooke is extremely enthusiastic and the hour involved a lot of DFK, passionate embracing and sex (covered) in all positions.

We started with a very brief massage, I was on my back within a minute and before long and switched to going down on her as she tastes incredible. She put the rubber on with her mouth and gave a great BJ before climbing on top and riding me. Then we had a solid 50minutes of action with me fucking her from behind as she faced the mirror, her on top, me on top, lifting her arse to pound her deeply. She sat on my face and controlled my breathing, I even slipped my tongue in her perfect arse. Near the end of the session I pounded her deeply and came and we kissed and cuddled before the phone rang with reception telling us the hour was up.

I got dressed and went down stairs for a breather to wait until Brooke was free again as she had a half hour booking. The receptionist gave me a beer and a little while later I walked Kitty who looked really sultry and I had a good feeling from chatting with her so I asked if she'd like to join me and Brooke for a threesome to which she agreed. Brooke's other booking was longer than I thought so I went for £45 for 30mins with Kitty in a standard room as the vip ones were busy. DFK was £10 extra with Kitty but other than that she was just as enthusiastic and we had a great 30minutes of fucking and sucking. I went down on her for ages as I couldn't get enough of her lovely clean tight pussy. She made a good job of making me think she'd really come as she held my head in place and her whole body shook and her face was flushed. The sounds Kitty made as I fucked her was wonderful, every stroke was accompanied by her breathing and moaning in a sexy way that I can't describe, she really put her heart into it.

The high bed meant Kitty could bend over it and keep her legs straight as I took her from behind. My hands slid from round her lovely waist, up to her shoulders so I could hold her firmly as I slowly pulled out to the top and then slid hard and fast back into her. Kitty looked me in the eyes as we fucked and she really smoulders, missionary with Kitty was lovely, those full lips just beg to be kissed and I was definitely glad I paid the extra as she is such a passionate lady. Kitty didn't try to rush me to cum but as we approached the 30minute mark she said she won't feel complete unless she makes me cum, I told her I was saving myself for the session with her and Brooke so when the time was up we kissed and cuddled and got dressed and Kitty went to shower after being fucked for half an hour.

I had another beer as I sat in reception and watched a tv series the doorman and another girl were watching, soon Kitty came back and joined me and when Brooke came out of her other booking and went to shower the receptionist made sure she was ok to have a duo with me and Kitty straight after, although Brooke was only free for 30mins.

I paid £100 to the receptionist after Brooke had showered and the 3 of us went to vip. The next 30minutes were heavenly. I gave Kitty another £10 for DFK. And we all stripped off and I lay on the bed with these angels snuggling up to me and taking turns to kiss me, stroke me and occasionally kiss each other. As Kitty was busy kissing me I didn't even notice Brooke had skillfully put the condom on my rock hard cock. We did everything together. Kitty climbed on and rode me as Brooke sat on my face so I could lick her clit, Brooke then turned around and smother me with her ass and I slipped my tongue in, all the while Kitty was sliding up and down on my cock. Next the girls snogged each other and Brooke went behind Kitty and licked my balls as Kitty carried on riding me and kissing me. Having Kitty on top of me giving me everything whilst Brooke worked her magic and I could even feel her supple body against my calves was sublime. Eventually I gathered the willpower to slide out of gorgeous Kitty and the girls lay down next to each other and I went down on each of them in turn, I commented that I felt like a kid in a sweetshop and all the time as I worked on one, the other kept busy. Brooke holding my head in place as I licked Kitty's clit and Brooke's other hand slid down my back, tickled my arsehole and my balls.

Brooke's turn to be fucked next, she got on all fours in front of the mirrored wall and Kitty knelt next to me and gently guided my cock into Brooke's tight pussy. Fucking Brooke hard from behind whilst Kitty snogged my face off and let me finger her was from behind was amazing, the 3 of us were perfectly in sync and the girls were moaning with pleasure. I did exactly the same with Kitty on all fours, the rest of the session is a blur of pleasure with their flesh on mine, I nearly came whilst fucking one

of them at one point but didn't want it to end and Kitty laughed and said "he's holding back", too right I said this is too good to finish. We were running out of time though and Brooke had another booking but I asked if I could get more time with Kitty, she called reception and checked and we managed to fit another 30mins in. Only had £45 cash left and reception said it was fine to stay in vip. When wonderful brook left she gave me a big hug and final snog and I turned my attention back to kitty, the surprise package of the evening.

We didn't break stride and got straight back to more of everything we'd done before, Kitty looking me in the eyes over her shoulders as I took her from behind, sitting on my face and squealing whenever I put my tongue in her asshole as she is so ticklish down there, I fucked Kitty extra hard in this session and she seemed to love it, everything I did with this girl was hard to stop and move on to something else, as she rode me I could feel the sheen of sweat over both our bodies, we finished in missionary with her legs right up so I could fuck her hard and deep and kiss her. I knew the clock was ticking so decided to concentrate on cumming and I did as Kitty made all the right noises too. When I'd finished filling the condom with my load, I slid out and Kitty fist pumped "yes! I was really determined to make you cum".

We kissed and cuddled before getting to our feet and getting dressed, as we were leaving the room kitty was still catching her breath and smiled and said "fucking hell!". I gave her a hug and a kiss and left at 1:30am - 3.5hrs after I'd come in (1 hour of which was 2 breathers)

£310 is incredible value for the 2 and a half hours of pure pleasure I had just had, next time I will book the duo for an hour, although I'll probably end up staying longer again. My hotel was only a minute's walk away and part of me was tempted to go back for more but I was spent and needed sleep. The next morning my arms and legs ached from all the exercise.

It's a good thing I don't live in Manchester - if I did I would spend all my money seeing those two.
