The Premises:

Small flat in Marylebone overall quite nice that I think she has all to herself, she had music playing and made it quite nice. The shower would be a bit awkward if you are tall she does try to make the best of it.

The Lady:

She was a bit taller than I expected for a Thai girl. Her natural boobs are about A to maybe a small B cup, they are well shaped and fun to play with. I thought she was prettier than her profile pictures.

The Story:

It was a pretty standard Olina scenario, we started with some gentle body touches that led to Oral. As to not cum too quickly I had her get in doggy style where I tongued her very pretty asshole for a minute, she looked very good in this position. Then we moved to the center of room in front of her mirror and I had her suck me to completion while on her knees, she took it like a champ.

The middle of the punt while I recovered was a professional level back massage, she was actually better than some legitimate massage parlors I have gone to.

Round two started with some gentle ball licking and very nice oral, we then did missionary and I shot (too quickly for my second time) while fucking her in doggy. I never inquired about Anal, and we did very light kissing throughout the session

Would repeat.
