The Lady:

Barely 5 feet tall. Petite. Cute Student vibe. Strawberry blonde. Photos are accurate. Tiny tits and tiny but responsive nipples. Very friendly and good fun. Before I describe the punt a small rant. To all of you contributors who go into detail on the booking, the room, the bed, the payment but then have this secrecy about what actually happened and suggest it was between you and the lady, you are deluded. They are working girls and as such know their performance is open to scrutiny and comment. You are not a knight in shining armour on a mission to protect their honour and reputation. We want to know exactly what happened. Are the services on offer actually available is there DFK, fingering, CIM, etc. it's all too easy for girls to promote many services that are not available but hidden by the 'discretion' caveat. Your reviews are useless, we want to know the nitty gritty and my advice is, if you're not prepared to be detailed, don't bother.

The Story:

Friendly greeting. Chatty. Undressed immediately and moved to the bathroom for WS - Giving. Then straight into discovering this legendary clit. Very clean and sweet tasting pussy. Yes the clit is slightly larger than average but not like the testosterone induced ones on porn videos or as described in one review, 'like a finger'. It's firm sensitive and she loves it being played with and licked and is also happy to be fingered. Kissing was FK but very little tongue action. Just open mouths. OWO was good and whilst no CIM any other place for a finish was ok. All in all a very good punt. The feeling was FWB rather GFE. Definitely worth a visit.
