The Story:

She walked in and before I even said hi she ordered me to put my phone away. I have visited MK escorts before so it was a new experience for me so I said erm okay. And I complimented her and she just had attitude like she wasn't interested or perhaps I'm just not her type or something. I tried to strike a convo but she was very dismissive and I kept on trying because I thought let me be more nicer she might just loosen up. She complained and only few minutes into doing our thing she was asking me to cum already saying this is too much. I just felt so confused and I was thinking we have a 30 minute booking ? So after she tried to be nice saying did you enjoy ? I just said yeah but in my head I was thinking she is taking me for a mug. Ruined my day and I hope she doesn't make others feel like she made me feel.
