### The Premises:

By London standards it is a high end establishment. As described previously. However the rooms could be larger for moresomes of 3+ and I feel they could update the rooms with more "relevant" furniture and mood lighting, not to mention lots of mirrors that will make the work for the girls much easier not to mention giving greater customer satisfaction.

### The Lady:

I think it was love at first sight.....LOL Drop dead gorgeous face, smile and perfectly toned body with a lovely Aussie accent. Adele could just walk into any International beauty pageant and win it. The pictures are accurate, but in real life she is better than in the pictures especially her body although one picture shows how well toned she is. She is naturally a brunette, but sometimes I have seen her as blonde or a redhead.

### The Story:

Popped into HoD with a mate for a cheeky MFM threesome, after Honey (absolute legend) told us Adele was the one to see. She wasn't wrong. Adele's got bags of energy, a cracking body, and a wicked sense of humour not to mention a variety of high capacity for the well endowed. Proper good fun from the moment we walked in till the very end. She's not the sort you just lie back with — you've got to keep up, because she goes for it and loves every minute. We were knackered but grinning like idiots by the end. She's full of banter too, no awkwardness at all, and had us all in stitches between rounds. We even gave her a daft "training certificate" for a laugh, and she took it like a champ. Seen her a few times since and she's always on form. She's great if you're after a proper session with plenty of action and some good laughs along the way. If you fancy a threesome or want to team up for something bigger, have a word with her — she's sound and can help sort it. Top lady, top energy. Can't go wrong with Adele.
