### The Premises:

As people have mentioned, Ego is in a great location. The car park seems to be getting fuller these days but you can usually find a space with little fuss.

### The Lady:

Demi is absolutely beautiful and I genuinely think that the pictures on the ego site don't do her justice. She's got a great figure with these amazing perky tits and a spankable arse which looks divine.

I honestly think that she's the best looking girl at Ego (that I've seen anyway).

Also - if you're bothered about this sort of thing, she's got a lovely soothing sexy voice which melts your trouble away.

### The Story:

I've never taken the time to write a review before but I really thought that I should with Demi as she really deserves it. Anyway, it was Christmas Eve and I was feeling a bit down so I went to Ego for some uplifting vibes.

I took a chance with Demi and I'm really glad that I did. She came into the room and instantly made me feel at ease with this really relaxed manner. I loved talking to her and she has some really good chat and really seems to care about the people that she sees.

The massage was great - firm with lots of body to body. Demi really encouraged me to relax and from an early stage in the massage I could feel her amazing tits across me.

Demi's boobs need a special mention as they are so heavenly - they are just perfect really, not too small and just the right size.

I really loved the way that she teased me with her body with lots of boob action and reaches under.

When it came to turn over, things were even more incredible as I got to check out her amazing arse in the mirror. Demi has this fantastic dirty chat and she made my cock throb saying all the things she wanted to do to me.

Her b2b skills are really incredible and it was so good to feel her soft skin on mine.

After I exploded everywhere, Demi helped me to clean up and even gave me a bit more of a massage as we still had time - which was a nice touch and one I appreciated.

I really recommend Demi. I'm certainly not an old bloke (well, not quite yet anyway) but I'm in absolute awe of her!
