### The Story:

This was my second appointment with Apple. The first was a two-girl when she accompanied the legend that is Carla. It had been quite a rushed affair being as the booking had been taken as 30 minutes when I'd asked for an hour. Carla was her usual magnificent self but Apple intrigued me. She was very attentive and did things quietly as opposed to Carla who is brilliantly full-on all of the time. As I left I decided that one day I would see Apple on her own. This was the culmination of that wish.

What can I say? Apple is incredible. Everything she does she does perfectly. Looking into those big brown eyes as she performs oral takes you to the edge in no time. She is fantastic to the touch and responds to every stroke, every kiss. Her DFK is perfect. Her pussy is sweet and tight. I spent ages going down on her, whether in 69 or lying between her legs. I must have been doing something right because she climaxed twice during our session. Eventually I needed to be inside her. She applied the overcoat so quickly and expertly that I hardly noticed her do it, then she sat astride me before crouching and bouncing up and down on my cock. I was quite proud of my lasting power, desperately trying to hold off my orgasm, but Apple is so good and looks so good whilst she does it that my orgasm rushed up on me and I filled the bag.

We disengaged and cuddled and kissed for a few minutes before she offered a back massage to finish. As she massaged my shoulders and back she rubbed her pussy against my butt cheeks. Apple is superb. Everything about her is the tops. She is a Hall of Famer, of that there is no doubt. I thoroughly recommend booking her. You won't be disappointed.
