The Premises:

HOD SW1 premises well known on here. Upstairs. Not a patch on their gracious, spacious Gloucester Road pad of many years ago, but fine once you're in the room.

The Lady:

One of the most beautiful women I have ever met punting or, for that matter, not punting. Photos are accurate though she has tattoos. Slender, smooth, piercing eyes, full lips, enigmatic smile, small delicious breasts. Sexily dressed (just) in a tight dress with many gaps, and high red stilettos. 28 years old.

The Story:

It's decades since I left a PN review, and I seem to remember the last time it was for a girl of similar looks and demeanour. When House of Divine chose its name they must have been anticipating the arrival of Effy.

This was something of a meeting of minds. Effy is full of wit, charm and - I suspect - more than a little learning. So lots of nice relaxed general conversation before and afterwards.

But most importantly, she's a wonderful softly spoken sexual partner. She invited me to kiss her deeply and there was some playful undressing, during which she offered me her small round and very toned arse to admire, touch and lick. Of course I obliged. I then spent a long time touching, looking at, kissing and tonguing her perfect cunt. Pornographically smooth, very responsive, and fantastic to taste. Late in the day though it was for her, I sensed that I was still giving her some pleasure. My hands and mouth also explored her feet, which I gathered pleased her.

Perhaps because I was mesmerised by her lovely vagina I paid less attention than I might have to her equally lovely breasts. Completely natural (thank God) and the perfect size, which is to say small and soft and totally suckable. I only really did them justice later, when she fucked me in cowgirl. But before that she paid me the most delicate and erotic attention with her own mouth, very gently caressing the most sensitive parts of my cock with the tip of her tongue and the tips of her fingers - heaven. I told her I would happily have her do that to me non-stop for the rest of the week. As a prelude to taking me inside her, she rolled the condom on with her mouth and carried on rolling till my prick was at the back of her throat and she continued like that until I began to worry that I might cum. So she climbed on top of me and after some very erotic surfing, and at the moment of

her choosing not mine, she slid her tight, warm pussy onto my prick. Looking her in the eyes, kissing her deeply, handling her tits and licking her nipples while she was sitting on my cock are sensations that will stay with me for a long time.

Though we varied the speed and intensity of our fucking, I wasn't tempted to suggest multiple changes of position so I could enter her from behind or standing up, or whatever. There'll be time enough for that in future. This was all about that one moment of erotic comfort.

Penetrative climaxes are rare for me these days so after I while I somehow persuaded myself to withdraw from inside her and let her hands and my hands bring me gradually to orgasm while she took the opportunity to lick and suck my balls. Is there a better sensation in all of creation?

After I had cum, we cuddled a little talked of many things that had nothing to do with sex (and a few that did). Then a shower and goodbye. But not for long, I hope.
