The Premises:

Better than expected inside. Only one shower though, down the hall, through reception. Not for the shy! Parked well off the main road on a residential street. Entrance off the high street next to a food takeaway. Up the stairs - then through a dungeon door!

The Lady:

I waited in Reception while Nina was called by the maid. Nina flashed into view with longish blond hair, leotard, hold ups. looked great at first glance. In the room however, I was a little dissapointed.

The Story:

Nina gave me an excellent massage with talc, teasing me more & more as we chatted. I gave her lots of compliments & she acknowleged each one. After she turned me over, she asked me what I wanted to do. I said I was in her hands. Covered blow job. I then coaxed Nina into position for sex. I am lucky to have had great punts as a novice but I felt let down with this one. I felt that Nina wasn't intent on making sure that we enjoyed the experience.

I think that Nina would prefer to be with an experienced punter rather than a novice like me. Difficult to say if I would recommend - not for a novice but yes for a more seasoned chap. I will therfore tick the yes button! I, however wouldn't go back.
