The Story:

I'm almost on her christmas card list now and she still manages to keep me coming back with the promise of a little more. Eve really enjoys the response she sees in an exited partner. She teases wonderfully and is not afraid to make a little noise. I am sure like most girls she really gives of her best when shown consideration and respect. Her covered oral if you will allow the raking teeth shows real committment and soon has me close to the edge. Rarely do I get past the first chosen position for the main event as she's wound me up like a coiled spring. Eve tells me she does a mean 2 girl with Natalie. Is this the next step for me? I'll get my coat!
