The Lady:

Kitty is nice, slim and young 23-year-old Russian blond. For my taste she was a little too tall and wide in the shoulders although I will admit she did have a really super body. She was nice looking and she would do anyone proud for a night out or a party evening.

The Story:

I started by talking to several girls but none of them came close to offering the deal proposed by anglesovernight. The evening (and night) went by in the usual fashion. On arriving in the room she came directly into my arms and provided to be a really top-class kisser. Everything went perfectly. She was a willing girl, kissing, oral without, and she liked 69, etc. She had some protection and we were quickly fucking away on the bed. We then moved over to a kind of window ledge that gave me a good view out of the window and over the rooftops of London. She placed a pillow under her bottom and I gave her a good pumping to completion.

The second time was a rather more conventional fuck in bed with little foreplay and just the bedside light on. The next morning we went at it again and we managed another very reasonable fuck. So in the end she turned out to be a nice girl and a great fuck. She left about 07:30 and that gave me enough time to shower, dress and checkout.

Worth it? Kitty is a nice girl, has a great body, and is a great fuck for a reasonable price. Overall I would certainly recommend her and having now tried other girls from the same agency my opinion of Kitty if anything has improved. You could do a lot worse since Kitty was a really nice girl, easy to talk to and she gave a really good service, which is not always the case with some of the girls you see in London or elsewhere.
