The Premises:

Down an alleyway in a row of shops on Bury Old Road. Buzz door to be let in, had "Red Room", double bed, love-swing etc., shower in corridor. Have been told trick with shower is to let it run for a while *before* fiddling with the temperature, worked. Clean and tidy parlour, safe.

The Lady:

V tanned (partly, I believe, natural Mediterranean colour), medium height, pretty with modest bust. Dark hair, medium length in cheerfully bobbing pony-tail. "Slim" and "toned" do not do Morgan justice, she is *lithe* and very athletic; told me she's a dancer, and has the fitness and flexibility of one. Wearing a dark panty and bra set that suited her, and a waist-chain bounced around cheekily and drew attention to shapely hips.

The Story:

Arrived with the general plan of seeing Tara, but wasn't at all dissapointed she was busy with another customer as was equally keen to see Morgan during my little holiday. As usual, the receptionists were good but I made a major mistake in reception. Offered a drink to take up with me, accepted an orange juice, what I *should* have had was a double strength coffee as the caffeine might have brought me up to speed with Morgan.

All girls are different, but Morgan is similar to Kelly at Sandy's in being a really high energy girl with a "let's go for some fun" attitude right from the off. Breezed into the room, cracked a few jokes, complained vigorously when a bulb burned out and "we can't see what we're doing want me to change it ?", hauled me into position for massage, took off her top and extracted my life story. That was the first minute disposed of, only 29 to go.

Fair massage, but I wanted to massage Morgan myself and see if those legs were as fit as they looked. I think it fair to say Morgan is an exhibitionist, and she enjoyed showing off her body and how flexible it was. So, things move on and I'm nibbling a boob, and I hear a loud moaning, at first I thought this that horrible fake moaning but no, Morgan will, loudly, let you know when she likes and when she don't. Was told later that, if you ask nicely, she'll *sing* during and I believe it; a girl with attitude certainly, at one point I found a buzzing object slapped into my hand and the instruction to

get a close-up view of that baby in action.

Morgan is also a terrible show-off, while giving me an oral (covered, but I think without is available at another tenner) so vigorous her pony-tail resembled a helicopter blade it was spinning so fast, she did the splits.. just to show she could without even slowing down. And then we raced to the finish-line as I tried to do an imitation of myself about twenty years ago. Don't know if I could manage this every day, but if you're into physically fit and gymnastic girls then take up the Morgan Challenge. Damned sure I'm too old for it.

Terrifically fun time though.
