The Story:

This was my second visit to see Debbie and it was even better than the first visit. I was a little early and was offered a drink by Lola while Yasmin was also on the scene. She then mounted me while I was still on my knees next to the bed and guided me into the rhythm she wanted to reach her climax. We then finished off in mish to complete a fantastic session. As other punters report, you aren't rushed to leave. I was offered a beer and she continued to chat happily until I left. The big set back is that I don't live in London. And I never thought I'd hear myself voicing that particular thought! Would I recommend her place? Like no other. Will I return? Erm ...
