The Premises:

A basement flat just up the road from Anerley station. In addition to the front entrance on the main road, there is also a more discrete rear entrance.

The Lady:

Lola wears platform shoes which disguise the fact that she is quite short. Her hair is probably dark brown (going on the colour of her eye brows), but it contains so many blonde highlights it's hard to tell. She looks like a quiet, girl next-door type. She has a very narrow waist, a 34D bust and a vivacious smile.

The Story:

It's been a while since I last visited Debbie's and I thought I would check out this new star. It's not particularly accurate to describe the girls that work there as mere WG's as they seem to be in a different league to other places. As I can now verify, the previous FR's may have been on the conservative side when describing Lola. I guess other punters must have read those FR's and all decided to see her at the same time. It was a bit like 10 Rillington Place when I first arrived, bodies hidden away all over the place waiting for their turn.

At first I didn't think Lola was anything special, but she quickly gets to work on you and she soon changes your mind. She is very seductive and begins gently caressing and kissing you like you are a long lost lover. I found myself getting hard within seconds and realised this was going to be something special. She then ordered me not to take my clothes off and disappeared with the money. She returned and slowly stripped me bare, kissing and stroking me all over. Her hands and mouth were everywhere and so were mine. She rubs her body up against yours in a particularly provocative manner. Everything is done with delicacy and subtlety, there is no crude grabbing and pushing. After she pulled my trousers and pants down she pulled my arse cheeks apart and started blowing warm air up my anal passage, which made me tremble all over. She has a maddening ability to be both sweet and sexy at the same time and yet it all feels like an intimate girl friend experience. I wonder if she is a tennis player, for such a petite woman she has a ferocious hand-grip.

We went off to the shower at my insistence, I needed to try and cool things down a little as I knew I wouldn't last the distance under this unrelenting barrage of eroticism. There was no let up in the shower, her hands and mouth were everywhere and the sight of her on her knees below me holding on to my dick and looking at me with that mischievous grin will be indelibly etched on my memory forever. I had already been to the brink a couple of times by then and we returned to the bedroom. As I lay on my back on the bed with my feet still on the floor, she straddled me and presented her breasts to me. While I was having a nice long suck on those she gripped my erect dick with the soles of both feet and gave me a foot wank. Did I say she was unrelenting? After a while she said "suck my strawberry", and thrust her soaking unshaven pussy in my face. It did indeed taste of strawberry, she must have applied some confectionery to that area. Meanwhile, she was busy sucking away on my dick and moaning and groaning at the same time. I was thinking that it is becoming increasingly rare for WG's to be unshaven these days, but I prefer it. Who wants stubble scratching their tongues and faces? After a few minutes I reached the point of no return. I think this girl is going to be a bit of a challenge for some punters, can they make it past the BJ stage? Who cares! Finally, after getting cleaned up and dressed she held me by the hand and lead me to the back entrance door. She thanked me for giving her a good time (shouldn't that be the other way round?) and kissed me goodbye.

I thought the previous Saturday girl Madonna was pretty good, but miraculously, Lola is even better. Outstanding.
