The Lady:

Won some money so decided to go a bit upmarket. Rang and spoke to Caroline, wow, she sounded nice, wouldn't have minded her. She suggested Emma and was told she was 19, brunette slim but busty and was not a hardened type. What did I see when I opened the door, mid-twenties, brownish shoulder length hair with a lot of blondy streaks, busty obviously, and very well built size 12 at least and far from being slim. Not bad looking but not that sexily dressed, she was wearing ugly tight fitting trousers that showed she had a bit of a midriff. In the nude, she has a most beautiful pair of firm upright tits three or four attractive naval piercings and a tattoo on the small of her back. Not blessed with the best of personalities.

The Story:

After a slow start which included some kissing and petting she suggested massage. OK so I undressed and lay face down, she put a bottle of what looked like diluted Ribenna on the table and then she sat over my bum. The massage did nothing much for me but I began to sense there was something strange so I picked my head up and looked at her, crikey she was fully dressed, I thought I was on Candid Camera. She got them off to reveal red matching bra and knicks, she looked quite lovely and little johnny agreed by becoming bigger johnny. She noticed him and opened her handbag to pull out the largest packet of condoms I have ever seen (remember I was told she was not a hardened type) and in doing so the bag tilted over and I could see she had a packet of Tampax. Ugghhh I thought, there is no way I am going down on her as knowing my luck I would probably come up covered in lipstick. So it was to be straight sex all in a mish and I had a damn good hard workout. I broke into a sweat which is a good sign and there were breaks for a breather and to enjoy her in slower motion. She was never very responsive and it was during one of these lulls that she said to me 'you have ten minutes left' Crikey, was I now on Ready Steady Cook !!! I wanted to be finished by hand so she indicated that I lie on the bed, no way mate we are not in Cleo's of Wellington now, you sit on the side of the bed and I stand over you. So with her left hand holding back her long hair I guessed she didn't want a shampoo so I held her hair and with her using both hands I gave her a widespread splattering. Nice as the finish was, I can't see myself doing her again, Tampax or no Tampax.
