The Premises:

I met Candice at her friends flat very close to Marble Arch, as arranged by the agency. Well looked after place, safe and clean. Comfy bedroom with bathroom right next door.

The Lady:

See her photos on the website. Attractive lady with a good body and great tits. I'm hopeless with guessing ages, site says 30s which seems fair.

The Story:

Candice is a friendly lady if a bit hesitant at first. She only escorts part time and the agency has to both see that she's free and arrange a place to meet as she can't work from where she lives. I was lucky that everything could be fixed up and met her about three hours after calling the agency.

We started off with a gentle massage which was passable. She then removed the rest of her underwear and gave my back and bum a delightful tit-massage. After a few minutes I rolled over and she carried on with the breast massage, stopping occasionally to allow me to suck them. Lots of oral, uncovered, followed and she let me go down on her as well. The oral at first was average but she later warmed up and it just got better and better, especially as she was stroking my balls at the same time with her magnificent tits.

At my request she put on a condom and let me fuck her in different positions, especially with her on top facing away. This is probably my favourite position and I didn't last too long.

I had a really enjoyable time with Candice. She's friendly and easy going, and for the straightforward stuff probably on a par with most others in a similar price range.
