The Story:

Decided to conclude my stay in London with Caroline. She does out call only.

Being with her weeks ago, I was more relaxed and had a nice company for lunch before retiring in bed room for a relaxed massage and good sex session.

She does not A, OWO but take care of you and loves being f....., does Italian do it better..... ?

She is on top of my list for companionship but if you want a good girlfriend, well look somewhere else!
