The Premises:

Karen's has been widely reported on P'net, it is very easy to find, located on Bury New Road, just off J17 of the M60. The area is perfectly safe and respectable and there is ample free parking. The parlour itself is clean and comfortable. The room I had was downstairs, it was quite large with double bed, mirrored walls and a decent shower. One quibble I have is with the maid/receptionist who had a poor telephone manner and was just as bad if not worse in person, when introducing the girls and showing me to the room. Very off putting.

The Lady:

Maxine is a tall slim(verging on skinny), late 30's brunette with blonde highlights. She has fairly small breasts with responsive nipples and is fully shaven. All in all very average. I picked her because she was the oldest of the 3 girls available and from past experience I find you do generally get a better service from the more mature woman.

The Story:

After taking my shower, I seemed to wait for an eternity for Maxine to arrive. When she eventually did it was face down on the bed for obligatory massage, which didn't last too long before Maxine was tickling the tackle and sticking her tounge in my ear.

This led onto BBBJ with Maxine making good use of her tounge, then a fairly energetic doggy session before the finale CIM (no swallow)

In short a decent tho not outstanding punt, but certainly worth the money.
