The Premises:

Shangri-La I have become hooked on this place thanks to previous FR and of course had a gal for providing a forum. It's the coffee of course.

The Lady:

I phoned before going to ask who was working the famous Trisha name was mentioned based on previous FR and never having seen her just had to go for a gander. I saw her leading some lucky lad to a room barely clad in a nurses outfit that was struggling to contain her more than ample charms. Beautiful large areola tantalisingly peaking out oh well some day with luck. On to the lounge there were three lovelies to choose from Becky 36DD cor. Do I pick or wait to see what else might appear no cant wait. Becky alluring brunet 5.6 very attractive face great figure lovely hair mid to late twenties.

The Story:

Only in the room did I discover they were enhanced new experience they feel different nice though well done job oh not Jordan proportions or anything. I was surprised at the nipple sensitivity. Great OWO party hat on two goes I failed second shoot not enough lead in pencil{Old pencil} not that that's the lass fault she tried hard bless her.

Had a good time as always at this place I paid to learn that I prefer the real thing that was worth paying for.

In the lounge for coffee on the way out and there was the lovely Lucy. Have enjoyed her company a couple of times and that's the second time I have missed her to late this time to early last time but that's another story cant be told yet forget to get permission to post that one ha ha good excuse to go back. I believe Becky has only recently returned to work here but she's changed her name no doubt she will have her fans. As you may have gathered I am a fan of Lucy but the flesh is weak and prepared to experiment for research purposes of course but I do have a thing for whom I use as a benchmark.
