Tidy flat in very modern block by the river. Good parking next door.

Tidy bathroom so one can have a good shower afterwards.

The Lady:

Beautiful girl. Long brunette hair. Says she works out daily and you wouldn't disagree looking at her figure.

The Story:

3rd visit. She has tremendous energy from the moment you enter the door. Full french kissing. She was dressed for the job and was still slightly wet from showering. Moved rapidly to the couch in the sitting room. Undressed her while I was fully clothed (why is this so sexy). Gave her breasts and body good attention and went down on her. She had me hard before I had even taken my trousers off and I like that feeling.

Moved to the bedroom and got going on the full works. She doesn't mind CIM and this was a hard choice for me, but went to doggy style and built up a good pace. I like a good speed in this position and feel the explosion building up in my loins. Exploded.

I like quality not quantity and so never go for second time. But this lady could certainly get me going again and continued to give me attention until I was outside the door. If there are nymphs in this world, she is the closest I've got to it.
