The Lady:

The first thing I noticed about Tara was her warm smile and the fact she was dressed very smartly, very business woman like. If I had passed her in the street there is no way I would have associated her with escorts.

The Story:

When Tara came into my hotel room the first thing she did was wrap her arms around me then kissed me on the cheek. We shared a bottle of wine and chatted for a little while which made me feel very relaxed but all the time I kept thinking this is one hell of a horny looking woman and I was right!. We made love in several different positions and she was certainly in control of the whole situation and boy! she was definitely enjoying herself. The good thing about Tara is she doesn't watch the clock and just kept going and going until she finally drained me. Sorry girls but I'm sticking with this one, Tara's an angel with a very devilish streak.
