The Premises:

A parlour on the High Street. Simply called 65 - but recognisable to those of us who get used to frequenting parlours. About 10 mins walks from the station. One of those parlours that is neither excessively luxurious, nor spartan. However, you can hear the action from the next door room. For me, that's part of the fun. Choice of two girls offered.

The Lady:

Amy is an American. 24 years old. Large breasts - and very shapely.
Shaved pussy. Attractive, and the kind of body I like - not slim, and not fat.

The Story:

Amy offered a wide range of services - something for most tastes. I simply wanted sex. Good firm massage, which was very enjoyable.

When I turned over, we began kissing, and she grabbed hold of my cock.

Easily got me into a state of readiness, while continuing to kiss, and whisper sweet nothings into my ear. I decided to go on top, and in a really nice touch she invited me to lie right on top of her while I was beginning to thrust. This was a really nice position, as I felt I was deeper inside. While I was doing this, she put a finger onto my anus, which was extremely pleasureable. So as you can imagine with the combination of a really nice body, kissing, and very intimate touching this was a very sensual and enjoyable experience, and is highly recommended.

One of those parlour trips that leaves a warm glow for the rest of the day.
