The Story:

Dissapointed. This is the third time I've submitted this report, hopefully it will be allowed through. Abbi promised kissing and OWO but not CIM in our emails prior to meeting her. After I had a quick shower, she disappeared into the shower for about 10-15 mins (my paid for time here).

Once she came back to the bedroom and undressed beside me, had some fondling of her nice breasts then tried to kiss her. No kissing!

Then progressed to O, and she insisted on doing it covered. Refused to do the OWO that was promised. That said, the O was very nice, she took her time and sucked on me for about 15 mins without me cumming. Very practiced. Then some mish and doggy to completion.

After a relaxing time talking, she got me hard again and then more covered in various positions until I was knackered physically from the pumping. She asked me to finish off by wanking over her tits. Very disappointing, I was out after 90 mins, not the two hours paid for. While she is very attractive and gives a good service, it's not what I had paid for, so I can't recommend her.
