The Premises:

The flat is a first floor maisonette with a side entrance off the main road. The accommodation is reasonably clean but the establishment is not very discreet. I've been here several times now and it's not uncommon to bump into other punters as you're about to leave or enter the place. The maids largely leave it to you to see yourself out which is why these indiscretions occur.

The Lady:

This place is a two girl establishment, one girl always from Eastern Europe, the other always oriental. It's my enthusiasm for oriental girls that keeps me coming here. Miko is a small Japanese girl, about 5'5", quite pretty, rather flat chested but nevertheless quite sexy and she was shaved. She appeared to be rather shy by nature and her English is very limited indeed. I conveyed the service I wanted by pointing to things on her printed menu.

The Story:

I chose the ?60 VIP service and paid an extra ?10 for kissing and another ?10 for reverse oral. Miko stripped off completely before settling down to massage me, which I appreciated. She sat on my lower back with her knees on either side of me seeking to apply pressure on various points. The massage itself was pleasant but rather amateurish. Afterwards we engaged in foreplay where I was able to take more charge of the situation. I licked her nipples and french kissed her. She's was quite a good kisser and reciprocated well. This was followed by reverse oral which she also seemed to enjoy making all the usual groans and moans. She then got to the point where she couldn't take anymore and pushed me off urging me to fuck her instead. I then made love to her slowly in the missionary position (with condom) until climax.
