### The Lady:

As described on her site. Elise is an attractive, sophisticated, stawberry blond. Further more she is Dutch which for me makes her all the more sexy and appealing. In addition she is well travelled and an intelligent conversationalist.

### The Story:

Elise arrived on time and greeted me the way so many continentals do with a kiss on either cheek. After the formalities we enjoyed a glass of champagne. Elise then undressed me in a very sensual way and I then disrobed her to reveal a body that was toned, tanned, and silky smooth. She is both sensual and playful and reacted wildly to being caressed and teased in the right places. Her lovemaking is uninhibited and energetic. Treat this women with the respect she deserves and you will be rewarded with an afternoon or evening of action and reaction.
