### The Story:

Out looking for a fuck early on a Sunday morning I found that First Class and Vixens (both in Attercliffe) shut and not open till 11:00. With my available time running out I went for the only available place - Fantasia. Paula was OK. Quick massage, condom on, cock suck, fuck with all the expected noises and ejaculation.

You can't expect a days pleasure with Michelle Pfeiffer for twenty quid but it is a bit hit and miss at this establishment. Some of the girls are lovely but most are just holes to fuck.

OK for a plain, no frills (and few thrills) fuck.
