The Premises:

An end terrace house on one of the many, many housing estates of Telford.

I felt very safe and was not worried about the new car, nor my safety.

The Lady:

Contrary to many of the other reports, Helen was a brunette this time with a great figure as per her website. There is a little surprise in store for her first time visitors :)

The Story:

Having read all the reports on this marvellous lady for many months, and a couple of abortive appointments due to bank holidays, etc. Helen's and my diaries finally were free. It was with trepidation that I knocked on her door. Having seen her pictures on the website, they paid her no justice as she is a lot more attractive than they depict. We had originally arranged 2 hours, but her circumstances dictated an hour meeting only.

Helen, now a beautiful brunette opened the door in a skimpy black top unbuttoned to reveal the top of her curvaceous breasts. Taking my hand, she led me up to the bedroom - shame there was no stairs bbbj.

In the bedroom, we took pictures as we undressed each other. As each piece of new flesh was exposed it was kissed. Naked on the bed Helen gave full French kisses before turning her talent on to my now straining cock. Needless to say the rest of the time passed in no time and I'm too much of a gentleman to reveal what we got up to.

I'm already saving for my next 2 or 3 hour visit and will again enjoy Helen's unique talents when our diaries allow.
