The Story:

Debbie is into role play and I told her I wanted to do a pretend interview. She went out of the room to get dressed for the part. She knocked on the door and I told her to come in and sit down. After a few questions I told her that I always sleep with my secretaries and asked her if she had a problem with that.

She acted surprised and said that she really needed the job and was willing to do what I asked. I told her to stand next to me and I lifted up her skirt and had a feel. Then I told her to take off her knickers and sit in the armchair. I told her to sit back and put her legs up on the arms and then I had a good look at her pussy.

She was happy for me to finger her, and then we got a dildo out of a box by the bed. I used it on her, and then she showed me an enormous dildo she had. I put the end of that in her too.

We took off our clothes and got on the bed. She was happy for me to finger her and french kiss her, which is something most prostitutes don't do. We did different positions including one I hadn't done before.

Debbie is great at role play. She is friendly and fun and I had a great time.
