The Premises:

I didn't visit her place, she came to my hotel

The Lady:

Blonde, slim, elegant and classy. I wanted a companion for a business lunch and was worried she'd "look like" an escort but she was the sort of woman you'd be proud to have on your arm at any function, whether business or family. Really smartly dressed in a sexy but subtle way to show off a great body, specially her breasts

The Story:

We spent half the time over lunch and she was a fantastic and entertaining companion, intelligent and funny and also very flattering - makes you feel like she really does enjoy your company. We then retired to my hotel suite and she was equally great in bed. Very sexy body and boy does she know what to do with it. Gives a great massage and manages to torment you to fever pitch. Doesn't rush off afterwards but stays and talks and treats you like a human being not just a client. I'll be back and back and back for this one
