The Premises:

Relatively discreet detached house on a busy main road. Off road parking. Access is from the back. Inside is clean, two small torture chambers.

The Lady:

Both Mistresses, Kay and Valeska, are young (early twenties), smallish, slim and very good looking.

The Story:

Had the usual discussion about preferences, limits, hygiene etc. Then went into the session. These two know exactly what they are doing and are very professional pro-dommes. They cater for people who are really into the scene. I expect they would train newbies, but you should be properly into S&M.

I had a heavy session but they respected my limits and I had a fantastic time. I can't recommend them highly enough.
