### The Premises:

Good lower basement flat - special bonus today because Lee was the maid - though she says she is 'retiring' - please Lee, give us guys a chance and don't give up yet

### The Lady:

This is Debbie we're talking about, not some stranger to the punters of PN - if you don't yet know, go and enjoy, she's a total star

### The Story:

Not only is she sex-on-legs, but she is very funny as well, and her role-play just proves what a great laugh she is. Apparently she is normally the one to decide on the roles, but I had decided to interview her as a potential nurser/companion and she accepted the challenge without any question.

Needless to say the nurses uniform barely contained our Debbie when she arrived for interview, and actually didn't contain her for very long after she arrived ! Having helped us both out of clothes, her shower technique was hilarious and very sexy, everything that could be done on a bed was done on the bed, she loved having her bum warmed with my hand and the flogger, and pounding her from behind whilst admiring the view in the wall of mirrors opposite made the climax truly memorable.

Most impressively, still time to chat, have a drink and a laugh. The service at Debbie's from everyone involved is fantastic and you should all get down there for a great, great time - NOW !
