The Story:

Reacquainted with Tayla after a long time a wandering. I really like giving Tayla a massage as this she gets great pleasure from. After a short massage on me I asked to do this starting with copious amounts of oil on her back. I soon began to combine firm massage and stroking movements with one hand on her back and buttocks with a gentle probing of her pussy from behind with the other. We both ceased conversation as we became absorbed in the intimacy of this act. After some time I turned her over and finished her with a session of oral on her lovely shaven pussy. Tayla then blew me covered as I stood against the massage table and she knelt before me. This was almost too much for me at this point, which she sensed and so bent over the table, she offered herself to me doggie. As I approached my climax Tayla's muscles increased the pressure on my cock, which was so good my legs momentarily seemed to belong to someone else. A great parlour experience.
