The Premises:

Easy to find, welcoming, clean and tidy. Friendly little place. Felt quite safe.

The Lady:

There have been too many reports on Helen already. She welcomed me at the front door wearing a white top and black skirt. She was fiddling with the v neck just enough for me to glimpse her nipples and realise that her boobs are a wonderful asset.

The Story:

We kissed for a while and she seemed to just melt into it. I then pleasured her as best I could with my tongue and she gave every indication that she enjoyed it. Then we moved to missionary. After a while she gave luscious bbbj and finally 69. I came in her mouth and she swallowed. Then we chatted for a while.

I'd been really nervous before going - after so many months I was really visiting Helen the icon of Telford. She's as good as the reports say but she's real, like the woman next door, not a goddess, in reality.
