The Story:

My last visit to Eve was about 6 months ago when she suggested a threesome with Natalie. On this occasion I thought Eve could cope with my requirements without help so was told to go to the room and wait. Then the maid returned to say sorry but she had made a mistake and Eve was tied up so to speak downstairs with a client in another room. I said I would wait as I was hot for her in anticipation by now. Well reacquainted and well into the oily hand wank which she does so well I discover in conversation that she has left some poor bastard tied to a table in the dungeon to service me. Apparently no explanation to him about what she was doing, but told him he needed time to consider his indiscretions. Well my apologies to our friend in the dungeon for having "jumped" the queue, but the blowjob, 69 session and doggie finish was excellent and enhanced manyfold by the thought that in an odd sort of way this had indeed turned into a threesome. She's addictive this one.
