The Story:

I was advised that Lee would return to work today following her short break (glad she hasn't retired). As is the normal arrangements offered drink and had had a nice chat with both Lee & the maid before Lee went off to see the client before me. After a while, Lee returned and previous customer left. Taken into the bedroom by Lee, where Lee proceeding to remove my clothes, with lots of kissing & cuddling, went to the shower, she hasn't lost her touch, excellent shower as always with lots of attention to the important bits (seemed like we were in the shower for ages). Returned to the bedroom, lovely relaxing massage from Lee (got me too relaxed ? not like me) turned over for some work on the front, lots of kissing and Lee's lovely gentle touch got thing going. Moved to oral (covered of course as is always the way at this flat) lots of kissing & licking of the balls (accompanied by some threats from Lee, fingers & bum spring to mind, I know she was only joking). After some no rushed fun, Lee got on top, great fun, watching her facial expressions, then my time to do some work before I persuaded Lee to finish me by hand. She became dominant and told me to shut up (as dominant as it gets with Lee) finished after a long while by hand, difficult not to speak whilst all this was going on. Fun in the bedroom over for another visit. Went back into the other room for more refreshments and fun conversation from Lee & the Maid.
