The Premises:

Small basement flat in road a few minutes from Earl's Court Tube station. Nice area. Felt safe. Been before.

The Lady:

Jenny is a stunning blonde in her mid twenties. She has a petite build.

The Story:

I'd been a few times before and seen another Mistress. With Jenny I was looking for some tie 'n' tease, boot and foot worship and possibly body worship.

Jenny was very relaxed as we chatted, recognizing the need to agree on the right sort of boots (thigh-high, matt black leather, for the record). She went out, changed into the boots and a tiny black latex bikini.

On my knees, I had a bondage belt fastened around my waist to which my wrists were attached at my side. Secured in this manner I was ordered to lick Jenny's boots. During this Jenny explained I was her property and started to play with my cock, getting it hard. This too, she explained, was her property.

My wrists were unshackled and she lay back on the bed. I removed her boots and massaged her stockinged feet. Next I removed the stockings and proceeded to massage, kiss and lick her feet. Her feet were perfect - I was in seventh heaven. This must have gone on for a good fifteen minutes.

Finally I was allowed to penetrate her. However, the catch was I had to kneel between her thighs and, as I did so, she lifted her legs up in front of me so I could continue to fondle and worship her feet.

A wonderful session. No pussy worship - but I've no regrets as Jenny's feet really made up for it. I think she enjoyed it nearly as much as I did!
