The Premises:

Nice area, close to the beautiful fountains in Kensington Gardens (to think I've lived in London for eight years and had not seen these fountains before!).

The Lady:

Beautiful, tall, leggy blonde. The photographs on the site are genuine but don't actually do Nicole justice. She has a much sweeter and more friendly face than the pictures suggest.

The Story:

I was a first time punter. I didn't think I'd get nervous but, after walking four flights of stairs (I don't do lifts) I was exhausted and my nervousness came to the fore. Nicole greeted me in a black nightdress and gave me a glass of water.

I won't go into blow by blow detail but Nicole made me feel very comfortable. So comfortable, in fact, that I felt more like a boyfriend than a punter.

After orgasm I had a kind of existential crisis whereby all residues of teenage Christianity surged into consciousness. Luckily, Nicole is a truly lovely person. We chatted over herbal tea and I felt privileged to be in her company.

I doubt that I will become a regular punter, but I may just have to visit Nicole one more time. She is a lovely, lovely person.
