The Story:

I'd been with Carmen once before and got on really well with her. Plus all the other girls on at the time did nothing for me (Heidi, Kim, Chelsea and another couple I can't remember).

Carmen started with a genuinely good back massage and then started kissing me all over before moving onto the most amazing OWO. She started slowly and carefully, taking in my whole member, but with not much pressure. Then she built up to a more energetic and intense BJ. It was fantastic - a great tease, in a good way. Excellent technique.

Then, after using her mouth to put the condom on, she climbed on top. The teasing continued as she started slowly and we both began to build up a head of steam. Some guys might prefer a harder shag (I do sometimes), but this was exactly what I was looking for on the day. She read my mood perfectly and still built up the intensity.

I was having a great time, but doggy style is my favourite, so I managed to stop myself from enjoying all the sensations for long enough to change positions.

We slowly continued to get worked up, with me enjoying the view (her arse, back, and mane of long, dark hair). A couple of variations on the position and then I came. She does a neat trick with her legs that you really should experience.

We cleaned up and chatted in the time that remained. Carmen is highly intelligent and a great conversationalist. What I really like is her attitude. She's friendly, funny and extremely keen to please.

Carmen - you're electric! Thanks.
