The Premises:

Tidy, well tended, not very discreet but that's not a worry for me Respectably decorated place, welcoming, clean bed.

Car park nearby. Always feels safe

The Lady:

Slender very attractive size 10/12 build, very curvy, dark brown hair, pretty respectably firm 36b baps, still firm generally, long lissom legs. Late 30 something.

The Story:

A third sampler here, this was relative to price a notable tilt. From where I was standing laying and kneeling Jackie is very sexually arousing girl. I find mature girls very sexually stimulating. Going for experience is often a sound idea. I had craftily stopped off on my way somewhere important for a short suck squeeze, bang n? blow combination. Jackie proved worth a tilt and no mistake.

Jackie is experienced in the whys and wherefores of parlour working, I cant get enough variety every selection is an adventure, some you win others you lose, I got three cherries with Jackie. She left her cherry behind another life ago, shes no novice when a bloater is being waved about in front of her. On a personal note Jackie was slightly quiet but not unhappy, I thought she was happy and comfortable, just not the most outgoing person with a complete if rather dashing stranger probably. The years have been kind to Jackie, down to her smalls she looked hornily sluttified especially an impressive pair of good sized respectably firm baps and a good butt.

With her dark tan and dark hair she could be from the med, she looks healthy and very sexually arousing her physique, (almost a 6 footer) looks and age were extremely appealing.

Oral was very respectably eager, a lot happening notable was the tongue work I enjoy this, she is hungry to do it. The value comes in here, she is notably aware of the time to ease off and does so, not in a rush to conclude our sexual soiree. She did that lovely tongue tickler stuff in between handsomely deep mouthfuls, Im a sucker, (not literally m?lud), for this even if its not done as

excellently as Jackie does. On with the condom and by some terrible force of nature my painfully swollen bloater found its own way to her very hornily moist pussy.

Sometimes a quick thousand miles an hour screw can be a real notable experience this one was. Firmly planted on her knees my bloater firmly planted in her herb garden, I screwed her as hard as the councils buildings inspector would permit for fear of structural damage.

No chopping and changing with me knobbly knees taking a pounding her moaning and groaning geeing me on gripping on to what on second thoughts are a beautiful pair of mature bouncy baps. She was not as quiet during this period of her life, urging me on. In classic porno movie fashion the condom was off and her mouth straight on in time for a couple of sucks before a handsomely huge mouthful became a square meal for luncheon.

Experienced, very sexually attractive, respectably sluttified when shes in action, and willingly eager. I will go back for a longer tilt. It be raht champion value oop north.
